#### **Product Overview**

Although these connectors can be directly buried, but sometimes especially in a very challenging environmental conditions, we recommend this cover to make it double safe.

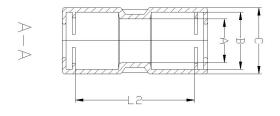

#### **Product Specifications**

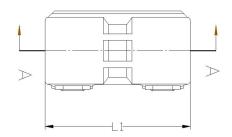

Construction	Description
Material	PP

### **Product Advantages**

- Suitable for special use environment.
- Anti-shock design for higher resistance and durability.
- While effectively prevent accidental removal of microducts, strengthen the protection of connectors.

#### **Ordering Information**

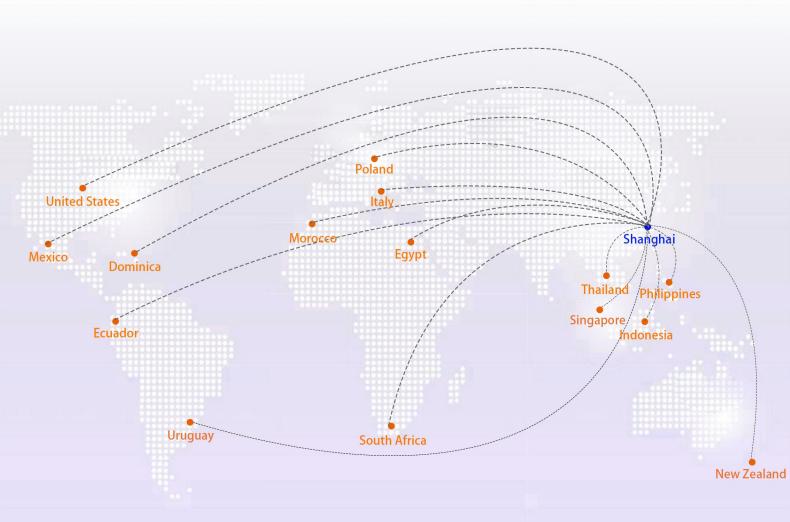

Model	А	В	С	L1	L2	Weight(g)
AC8mm	11.5±0.2	16.0±0.5	19.5±0.5	45±0.5	36±0.2	4.5±5%

#### FCST - Better FTTx, Better Life.

At FCST, we manufacture top-quality microduct connectors, microduct closure, telecom manhole chambers and fiber splice boxes since 2003. Our products boast superior resistance to failure, corrosion, and deposits, and are designed for high performance in extreme temperatures. We prioritize sustainability with mechanical couplers and long-lasting durabili -ty.

FCST aspires to a more connected world, believing everyone deserves access to high-speed broadband. We're dedicat -ed to expanding globally, evolving our products, and tackling modern challenges with innovative solutions. As technology advances and connects billions more devices, FCST helps developing regions leapfrog outdated technologies with sustainable solutions, evolving from a small company to a global leader in future fiber cable needs.
